Description

This villa boasts an incredible panoramic view over Naithon Beach and the Andaman Sea. The uniqueness of this villa is its enviable position. Being an end plot, on a lush forested slope and set within an established and exclusive villa development ensures that living here is a secure, beautiful and peaceful experience from the moment you move in. The 7 metre ceilings create a sense of space and openness. There is a pool-side master suite, large entertaining sala and the living-dining areas open out onto the pool deck – all of which can be overlooked from the privacy of the roof deck. There are four further guest suites on the lower level each with a wonderful view of the ocean and a large multi-purpose room perfect for use as a gym, games room, spa or cinema. Keeping privacy and peace in mind, the design of this villa works so well as all the living and entertaining areas are on the ground floor and all the sleeping is arranged together on the lower ground floor. This Thai inspired villa benefits from plenty of storage space for sporting equipment, a two car garage, maid's quarters, laundry, kitchen and 25 metre infinity swimming pool.
